

There's always something new to learn!

In the 2014

Junior FIRST® LEGO® League season, over 26,000 children, ages 6 to 9 from 14 countries, will take a closer look at where and how learning happens. Get ready to dive into the Jr.FLL® **THINK TANK**SM Challenge.

Each year Jr.FLL teams will:

- Explore a real-world theme
- Learn about simple machines
- Build a LEGO® model with a motorized part
- Present their findings by creating a Show Me poster
- Work under the Jr.FLL signature set of Core Values

Junior FIRST® LEGO® League

**Global Challenge Release:
August 2014**
