

# JOURNEY TO THE WORLD OF ROBOTICS

2020-1-UK01-KA204-079146

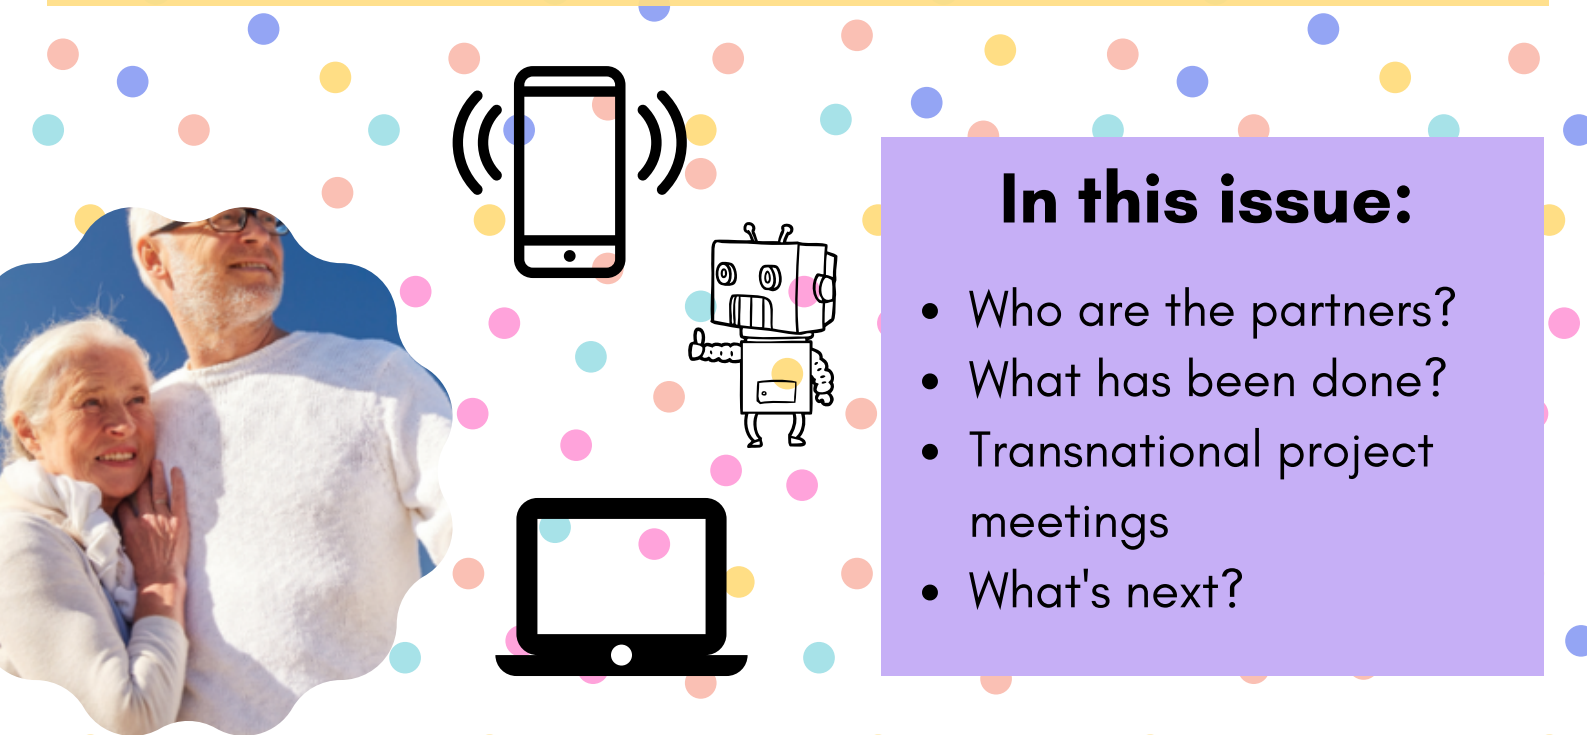

Co-funded by the  
Erasmus+ Programme  
of the European Union

## The Project

The goal of the project is to create a tool that will help mobilize seniors to action, to mental and physical activity. We want to achieve this by arousing their interest in robots, bringing them closer to modern technologies. We want to do this by creating a modern course based on the blended learning method using interesting technological and digital solutions. To this end we have established a partnership consisting of 9 organizations from 7 countries.

The results of the project are intellectual outputs that we produce as well as improvement in key competences and skills of seniors, such as: numerical, scientific and engineering skills and digital and technology-based competences. Participants will also increase their digital skills through distance learning.

### In this issue:

- Who are the partners?
- What has been done?
- Transnational project meetings
- What's next?

# Say !Hello! - the partners

## From Slovakia:

ICEP s.r.o.

## From Portugal:

RoboticEduAcademy Lda

Academia  
de Robótica

## From Latvia:

Clearbot S.I.A

ClearBot

## From Poland:

Powiat Ostrowski

STOWARZYSZENIE  
MIASTA  
W INTERNECIE

## From Italy:

PROMIMPRESA SRL

Scuola di Robotica

Scuola di Robotica

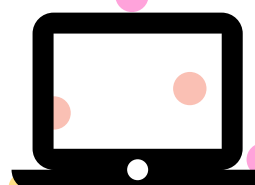

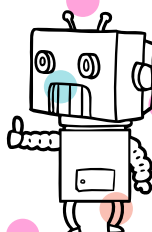

## From Estonia:

NPO Robootika

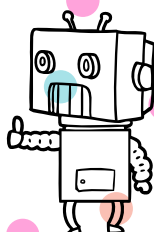

## From United Kingdom:

Enso Group LTD

# What has been done?

- May 2021 - Kick-off meeting (online TPM 1)
- September 2021 - Project LOGO created
- September 2021 - **First** article of the project
  - "Senior in the digital world" - available at project Facebook page [@JourneyRobotics](https://www.facebook.com/JourneyRobotics) (in EST; IT; PL) or <https://bit.ly/3EJk2aL> (ENG)
- November 2021 - Intellectual Output IO 1 (Country reports finished - good practices, survey of senior needs, examples)
- November 2021 - TPM 2 in Estonia, Tartu
- January 2022 - **Second** article of the project
  - "Humanoid robots to support the frail elderly people" - available at project Facebook page [@JourneyRobotics](https://www.facebook.com/JourneyRobotics) (in EST; IT) or <https://bit.ly/3FHSDpw> (ENG)
- January-February going forward with Intellectual output IO 2 (Robotics Course for Seniors through Informal Blended Learning)
- April 2022 - TMP 3 in Italy, Genova

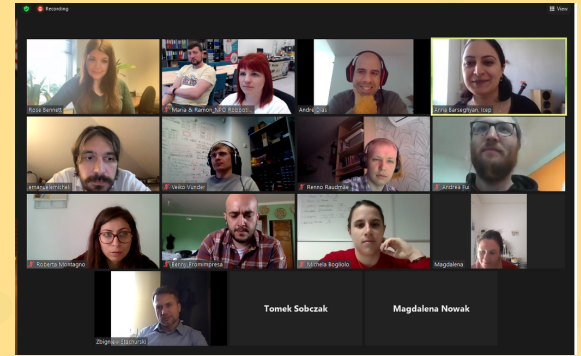

# Transnational project meetings

## Transnational Project Meeting (TMP 1)

11. May 2021 - Kick-off meeting (online)

- Presenting the project
- Greeting and introduction of partners
- Future plans and actions

## Transnational Project Meeting (TMP 2)

22.-23. November 2021 - Estonia, Tartu

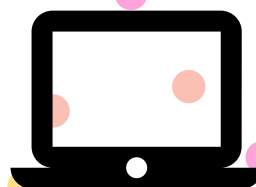

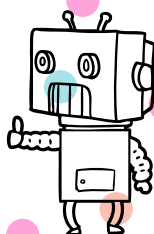

- Discussion of Intellectual Output 1
- Presenting survey results and contry reports
- Visiting AHHA Science Centre

## Transnational Project Meeting (TMP 3)

April 2022 - TMP 3 in Italy, Genova PLANNED!

Second Transnational project meeting in Estonia

# What is next?

- Continuing with translation of European report in each language
- Learning event in UK in summertime
- Several more articles and newsletters
- Intellectual output IO 2 finished by September
- **Transnational Project Meeting (TMP 3)**
  - April 2022 – TMP 3 in Italy, Genova PLANNED!
